Folke Planter

Design Karna Lindstedt

The Folke group of planters is free of embellishment or decorative detailing, characterised by sleek surfaces that emphasise the robust beauty of cast aluminium. The planters are made from recycled sand-cast aluminium. Available in six sizes, Folke provides the perfect container for virtually any type of plant life. Integral inner containers and internal irrigation tanks for watering are also available.

CERTIFICATION

Dimensions and weight

Folke Stor

Height: 85 cm

Ø: 110 cm

Weight: 98 kg

Folke Mellan

Height: 64 cm

Ø: 76 cm

Weight: 54 kg

Folke Liten

Height: 42,5 cm

Ø: 50 cm

Weight: 17 kg

Folke Smal hög

Height: 90 cm

Ø: 60 cm

Weight: 40 kg

Folke Grande

Height: 101 cm

Ø: 120 cm

Weight: 180kg

Folke Rektangulär

Length: 180 cm

Width: 50 cm

Height: 72 cm

Ö14-09 Folke rectangular
Ö14-10 Planter pot in glass fiber with lifting loops to Folke rectangular
Ö14-09BT18 Water tank to Folke rectangular volume 18 liters
B11-06 Startup cost for powder coating steel in a color other than standard.
Choose a RAL colour.

Append to product number

METAL SURFACE FINISH

S for black RAL 9005.

C for any color of steel, at an additional cost.

VARIANTS

If no center hole is desired, please state this when ordering.

INSTALLATION TYPE

N for surface mount.

Standard colours

RAL 9005

Sandgjuten återvunnen aluminium

Materials and surface treatments

Recycled sand cast aluminium

Aluminium recycled from scrap, hand cast in sand moulds. The energy consumption when producing recycled aluminium is about 5% of that used when producing virgin aluminium.

Wet Paint

Wet painting provides a durable, even surface and can be used for products in many different sizes.

Plastic / Fiberglass

Glass fiber is often used as reinforcement in plastics to increase rigidity by coating a glass fiber fabric with a plastic, usually a polyester, which hardens and binds the glass fiber together.

Assembly and placement

Freestanding

Freestanding product that is placed directly on the ground.

Surface mount

Can be bolted above ground, to the floor or to a cast-in-place foundation. Bolts not included.

The planter can be attached by a central bolt that bolts into concrete, or by a steel plate inside the planter that bolts into the surface.

Maintenance

Sand cast aluminium

Maintenance on aluminium is not normally needed, but make sure to wash and keep the material clean. Untreated aluminium develops a matte surface over time.

Wet Paint

Damage to painted surfaces is repaired with alkyd enamel.
