## Arcade Litterbin

Design Inventarrum

As a complement to our own range, we also market products from Danish Inventarrum. Like Nola, Inventarrum works for high design and good thought in the public space. All Inventarrum's wastebaskets and ashtrays are basically stainless, then powder coated. Several of the bins are also available with integrated ashtray, or matching, separate ashtray. For more information about Arcade, see product sheet for download during assembly.
