Arvid/Lennart Ashtray

Design

This striking ashtray is produced in two parts. The stainless steel holder mounts to a wall, column or post, ensuring that the ashtray remains secure. The black-lacquered container sits inside it, snapping into place as it slots into the holder. Both parts are fireproof, providing a safe receptacle for cigarettes butts and ash. Arvid/Lennart is also designed to receive Nordic 'snus' tobacco, made with a round opening on the surface where it can be discarded.

Dimensions and weight

Lennart: Width: 13 cm. Depth: 18 cm. Height: 10 cm. Volume: 1.3 liters.

Arvid: Width: 9 cm. Depth: 12,5 cm. Height: 8 cm. Volume: 0.4 litres.

Product numbers and combinations

LD89016 Arvid askkopp 0,4L.

LD89017 Lennart askkopp 1,3L.

LD89016/1 Aluminiuminsats till askkopp Arvid.

LD89016/B Botten till askkopp Arvid.

INSTALLATION TYPE

N for surface mount.

V for mounted to wall.

Standard colours

Materials and surface treatments

Aluminium

Aluminum is a soft light metal that is silvery to gray in color. Depending on the alloy, aluminum usually has good corrosion resistance. It is common for the aluminum to be extruded into tubes or rolled into a plate in the desired material thickness.

Powder coating

Powder coating is a coating that is applied as a free-flowing, dry powder. Unlike conventional liquid paint, powder coating is usually applied electrostatically and then cured under heat or with ultraviolet light. The result is an even, hard-wearing coloured surface with the desired gloss level.

Stainless steel

Stainless steel is an iron alloy with at least 10.5% chromium that often has good resistance to corrosion (rust) and other chemical attacks. A common misconception about stainless steel is that it does not rust at all; it can in fact corrode, especially in environments near the sea with high humidity.

Assembly and placement

Surface mount

Can be bolted above ground, to the floor or to a cast-in-place foundation. Bolts not included.

Mounted to wall

Bolted in place to stand/wall bracket.

Bolts for walls not included.

Levereras helt monterad för slutgiltig fastsättning.

Askkoppen är förberedd för montering på stolpe eller vägg.

Maintenance**Powdercoated steel**

Products that are powder-coated can be touch-up painted with alkyd paint.
