

Café Modular Fence System

Design Martin Hadmyr

This modular metal fence system is characterised by an attractive alignment of square bars and steel posts. The fence is formed by vertically-spaced parallel rails that create an even rhythm of symmetrical shapes. The system is easy to assemble, take apart and store, making it an excellent choice for spaces such as summer terraces that are emptied during the winter months.

Dimensions and weight

Length: 125 cm / 188 cm

Height: 90 cm

Standard lengths (per section): 1.25 m or 1.88 m. Height above ground: 90 cm.

Individual dimensions

Width of post: 4 cm x 4 cm.

Width of rail: 4 cm x 4 cm.

Product numbers and combinations

Ö18-00 Staketsektion 1250 mm.

Ö18-01 Staketsektion 1880 mm.

Ö18-02 Ändstolpe.

Ö18-03 Vinkelstolpe.

Ö18-04 Stödplatta.

Append to product number

INSTALLATION TYPE

N for surface mount.

Standard colours

RAL 9005

Materials and surface treatments

Made in steel. All steel parts are primed with epoxy and top-coated with polyurethane black RAL9005.

Steel

Nola uses high-quality steel with good strength in our products. Steel rusts if left untreated and must therefore be surface treated.

Assembly and placement

Freestanding

Freestanding product that is placed directly on the ground.

Surface mount

Can be bolted above ground, to the floor or to a cast-in-place foundation. Bolts not included.

The posts and rails assemble using the screws provided.

Maintenance

Any scratches to the paint finish can be repainted using alkyd oil enamel.
