Cushy Lounger

Design Gripner & Hägglund

Inspired by the plush proportions of big cushions, Cushy offers living room-like comfort with all the benefits of public space design. The lounger's open construction allows rain and water to run off, making the product virtually maintenance-free. Cushy can be used individually, or combined with others to create a bigger, sofa-style seat.

Dimensions and weight

Width: 74 cm
 Height: 84 cm
 Sitting height: 42 cm
 Sitting depth: 50 cm
 Depth: 98 cm
 Weight 23 kg

Product numbers and combinations

U12-60 Cushy lounger powder-coated steel, light green RAL 160 70 10
U12-60/BESLAG Connector plate
B11-06 Additional fee for choosing a non-standard colour

Append to product number

METAL SURFACE FINISH

C for any color other than standard, starting cost is added.

INSTALLATION TYPE

N for surface mount.

Standard colours

 RAL 160 70 10

Materials and surface treatments

Steel

Nola uses high-quality steel with good strength in our products. Steel rusts if left untreated and must therefore be surface treated.

Powder coating

Powder coating is a coating that is applied as a free-flowing, dry powder. Unlike conventional liquid paint, powder coating is usually applied electrostatically and then cured under heat or with ultraviolet light. The result is an even, hard-wearing coloured surface with the desired gloss level.

Assembly and placement

Freestanding

Freestanding product that is placed directly on the ground.

Surface mount

Can be bolted above ground, to the floor or to a cast-in-place foundation. Bolts not included.

The backrest and seat must be assembled on-site.

Maintenance

Powdercoated steel

Products that are powder-coated can be touch-up painted with alkyd paint.

[Read more in our general maintenance advice at nola.se/en/care-and-maintenance](https://nola.se/en/care-and-maintenance)

Versions

Individual units can be combined to create a modular system.

Character

Individual Cushy units can be combined to create long, lateral seating rows.

Designers

Gripner & Hägglund

The designer duo Gripner & Hägglund consists of Sanna Gripner and Märta Hägglund. They are product- and furniture designers and have a studio in Stockholm.

The duo became "Newcomer of the year" in 2017 by Matera AB and was awarded the Design S award in 2018.
