## **Draken – New Product!**

### **Bike stand**

**Design 02landskap**

The Draken bike rack was originally designed for Olof Palmes plats in Gothenburg, home to the Draken cinema. Inspired by 1950s architecture, the rack's simple lines and fine details create a classic and timeless look. The flowing pattern of the arches is not only aesthetically pleasing but also practical, accommodating both large and small bikes. 02landskap has also designed a planter guard in the same series.

#### Dimensions and weight

Length: 60 cm  
 Width: 5 cm  
 Height: 80 cm / 60 cm

#### Material dimensions

Made of 40 mm flat steel

#### Product numbers and combinations

Ö03-30 Draken Bike stand with double arches

#### Append to product number

#### METAL SURFACE FINISH

Vert 2300 Sablé (Green)

Pig 2900 Sablé (Grey)

RAL 6009 (Dark green)

RAL 1023 (Yellow)

C for any color other than standard, starting cost is added.

#### INSTALLATION TYPE

M for in-ground.

#### Standard colours

-  RAL 6009
-  RAL 1023
-  Vert 2300 Sablé
-  Gris 2900 Sablé

#### Materials and surface treatments

#### Steel

Nola uses high-quality steel with good strength in our products. Steel rusts if left untreated and must therefore be surface treated.

#### Hot-dip galvanized

Hot-dip galvanizing provides very strong protection against corrosion. The steel is dipped into a bath of hot liquid zinc. The zinc attaches and creates a surface coating on the steel part, which is then taken out of the bath and drained of excess zinc.

### **Powder coating**

Powder coating is a coating that is applied as a free-flowing, dry powder. Unlike conventional liquid paint, powder coating is usually applied electrostatically and then cured under heat or with ultraviolet light. The result is an even, hard-wearing coloured surface with the desired gloss level.

### **Assembly and placement**

#### **In-ground**

Cast in ground.

The bike stand is delivered assembled.

### **Maintenance**

#### **Powdercoated steel**

Products that are powder-coated can be touch-up painted with alkyd paint.
