Korg Furniture Group

Design Thomas Bernstrand

Korg is a versatile furniture collection featuring armchairs, backed benches, bar stools, swing sofas, and round café tables, designed to suit various settings and purposes. Created by Thomas Bernstrand, one of Nola's key collaborators, Korg is defined by clean lines and soft contours that make it adaptable to a range of environments.

The collection includes both high and low armchairs, backed benches, bar stools, and café tables in two heights, as well as a modular system for flexible seating arrangements. Crafted from durable steel thread, Korg's seats and backrests allow rain and water to drain effortlessly, preventing marks and making it low-maintenance. Each item is anchored by a sturdy cylindrical support that bolts into the ground, ensuring stability and durability.

CERTIFICATION

Dimensions and weight

Korg Table

Height: 72 cm

Ø: 70 cm

Weight In-ground: 19,7 kg

Weight Surface mount: 19,85 kg

Korg Armchair

Width: 64 cm

Height: 88 cm

Sitting height: 45 cm

Depth: 61 cm

Weight In-ground: 14,09 kg

Weight Surface mount: 14,24 kg

Korg Park Bench

Width: 130 cm

Height: 88 cm

Sitting height: 45 cm

Depth: 61 cm

Weight In-ground: 25,32 kg

Weight Surface mount: 25,62 kg

Product numbers and combinations

B11-06 Startup cost for powder coating steel in a color other than standard. Choose a RAL colour.

Black RAL 9005, fine texture.

C for any color other than standard, at additional cost.

INSTALLATION TYPE

N for surface mount.

M for in-ground.

Standard colours

Materials and surface treatments

Steel

Nola uses high-quality steel with good strength in our products. Steel rusts if left untreated and must therefore be surface treated.

Electrogalvanized

Electrogalvanizing (also known as zinc plating) provides corrosion protection through the sacrifice of zinc ions. It is created via a zinc coating on the steel using an electric current.

Powder coating

Powder coating is a coating that is applied as a free-flowing, dry powder. Unlike conventional liquid paint, powder coating is usually applied electrostatically and then cured under heat or with ultraviolet light. The result is an even, hard-wearing coloured surface with the desired gloss level.

Assembly and placement

In-ground

Cast in ground.

Surface mount

Can be bolted above ground, to the floor or to a cast-in-place foundation. Bolts not included.

Sitskorg levereras monterad. För montage mot stativ på plats. Skruv ingår.

Bult mot mark ingår ej.

Maintenance

.

Powdercoated steel

Products that are powder-coated can be touch-up painted with alkyd paint.
