Mustasch Table

Design Broberg & Ridderstråle

The Mustasch table is simplicity at its best. Made for use indoors and outside, the proportions are sized to form a café table for food & beverage applications. The thinness of the steel used in the surface and legs gives the table a discreet profile, but its vivid colours enable it to stand out. The tabletop is attached to a pedestal stabilised by three feet.

Designers

Broberg & Ridderstråle

Stockholm based Broberg & Ridderstråle Design & Architecture is founded and run by Mats Broberg and Johan Ridderstråle. The duo met at the University College of Arts, Crafts and Design (Konstfack) where they both studied furniture and interior design. Today they work within the fields of architecture and design. Their design method is based on the traditional craft, where they often gather inspiration from their daily lives only to then add a new twist to the design that lifts the product to a new level. Broberg & Ridderstråle have throughout the years designed numerous products and furniture series for Nola.
