Nordfjell Collection Gazebo Pergola

Design Ulf Nordfjell

This elegant contemporary gazebo combines the traditional shapes of the past with the materials of the present. As the gazebo's circular shape creates an open-air enclosure, it provides excellent structures for climbers and creeper vines. Placed in a mature garden, the gazebo's shape will add an air of timeless elegance. In a contemporary setting, the gazebo's laser-cut, powdercoated steel shape will complement the contemporary architecture surrounding it.

Dimensions and weight	<p>Height: Liten 390 cm Stor 462 cm</p> <p>Ø: 220 cm (Liten) Stor Ø502 cm</p>
Product numbers and combinations	<p>V05-01 Gazebo, small Height 390 cm, Ø 220 cm</p> <p>V05-02 Gazebo, big Height 462 cm, Ø 502 cm</p> <p>Append to product number</p> <p>METAL SURFACE FINISH</p> <p>RAL 9005</p> <p>C for any color other than standard, starting cost is added.</p> <p>INSTALLATION TYPE</p> <p>M for installation in pre-cast foundations.</p>
Standard colours	 RAL 9005
Materials and surface treatments	<p>Steel</p> <p>Nola uses high-quality steel with good strength in our products. Steel rusts if left untreated and must therefore be surface treated.</p> <p>Electrogalvanized</p> <p>Electrogalvanizing (also known as zinc plating) provides corrosion protection through the sacrifice of zinc ions. It is created via a zinc coating on the steel using an electric current.</p> <p>Powder coating</p> <p>Powder coating is a coating that is applied as a free-flowing, dry powder. Unlike conventional liquid paint, powder coating is usually applied electrostatically and then cured under heat or with ultraviolet light. The result is an even, hard-wearing coloured surface with the desired gloss level.</p>
Assembly and placement	<p>Installation in pre-cast foundations</p> <p>Posts for installation in pre-cast foundations.</p> <p>Levereras i ett stycke med leveransstag som demonteras efter ingjutning.</p> <p>Förankras i mark se monteringsanvisningen. Kan på begäran levereras med kranbil för hjälp med placering på plats.</p>
Maintenance	<p>Powdercoated steel</p> <p>Products that are powder-coated can be touch-up painted with alkyd paint.</p> <p><u>Read more in our general maintenance advice at nola.se/en/care-and-maintenance</u></p>
Versions	<p>All steel is electro-galvanized and powder-coated in semi-matt black. Other colors than the standard steel can be offered at an additional cost.</p>

Ulf Nordfjell

Designer Ulf Nordfjell is a leading landscape architect working partly in his own private practice and for Ramböll Sweden in Stockholm for public spaces. As an exhibition architect and designer he has created some of Sweden's largest outdoor exhibitions and thus evoked a new interest for contemporary Swedish garden design, among others the *Garden Society in Gothenburg* in 2008. Ulf has won many prizes for his landscape architecture in Sweden. City parks in the cities of Linköping, Lund, Malmö, Norrköping, Umeå, Skellefteå and Stockholm, are prime examples of Ulf's work. The main entrance of the Botanical Garden and the Garden Society in Gothenburg are examples of reconstructed and developed historical parks. Examples of City development including modern parks are large projects in Skellefteå and Umeå and new housing projects in Stockholm such as Silverdal, Sollentuna and Dalenum, Lidingö.

Numerous private gardens throughout Sweden bear testament to Ulf's creative landscape skills. Ulf's interest in combining architecture and design with horticulture and nature is well known and he has developed his own style, based on the local genus for every project. His passion for designing with plants can be seen in all of his projects, all of which take into consideration the variable climates that appear from the North to South of Sweden. An example is the permanent exhibition "*The Gardens of the Forest*" at Wij gardens in Ockelbo. "I think Swedish nature is always present in my garden design."

Ulf won *RHS Gold medals* for his *Tribute to Linnaeus Garden* 2007, *The Daily Telegraph Garden* 2009 and *The Laurent – Perrier garden* 2013. In 2009 he was awarded the prestigious title *Best In Show*. Nowadays he is focusing on a huge private estate in Stockholm and his third garden on the French Riviera. Ulf is now working on a new book about his garden design being published spring 2021 at Prisma/Nordstedts.
