## Nordfjell Collection Planter

Design Nordfjell Collection

A modern and elegant trellis for wall or pergola. Perfect as a support for roses or climbing plants.

<b>Dimensions and weight</b>	<p>Width: 120cm  Height: 210/250cm  Depth: 120cm (väggspaljé Trellis )</p>
<b>Product numbers and combinations</b>	<p>V05-00VFZ-V Portal trellis Chelsea 2007 for wall 210 x 120 cm, VFZ  V05-00VFZ-P Freestanding portal trellis Chelsea 2007 for wall 250 x 120 x 120 cm, VFZ  V05-00VFZ-F Freestanding portal trellis Chelsea 2007 250 x 120 x 120 cm, VFZ  B11-07 Extra cost for powder coating of Chelsea and freestanding Chelsea portal trellis</p> <p><b>Append to product number</b></p> <p>METAL SURFACE FINISH</p> <p>VFZ for hot-dip galvanized steel.  C for any color other than standard, starting cost is added.</p>
<b>Standard colours</b>	<p> Gris 2150 Sablé   Noir 2200 Sablé   Hot-dip galvanized steel</p>
<b>Materials and surface treatments</b>	<p><b>Steel</b>  Nola uses high-quality steel with good strength in our products. Steel rusts if left untreated and must therefore be surface treated.</p> <p><b>Powder coating</b>  Powder coating is a coating that is applied as a free-flowing, dry powder. Unlike conventional liquid paint, powder coating is usually applied electrostatically and then cured under heat or with ultraviolet light. The result is an even, hard-wearing coloured surface with the desired gloss level.</p> <p><b>Hot-dip galvanized</b>  Hot-dip galvanizing provides very strong protection against corrosion. The steel is dipped into a bath of hot liquid zinc. The zinc attaches and creates a surface coating on the steel part, which is then taken out of the bath and drained of excess zinc.</p>
<b>Assembly and placement</b>	<p>Levereras monterad. Justerbara fästen mot vägg och mark ingår. Bult mot mark/vägg ingår ej.</p>
<b>Maintenance</b>	<p><b>Powdercoated steel</b>  Products that are powder-coated can be touch-up painted with alkyd paint.</p> <p><b>Hot dip galvanized steel</b>  Hot-dip galvanized can be touch-up painted with so-called "cold galvanizing".</p> <p><u><a href="https://nola.se/en/care-and-maintenance">Read more in our general maintenance advice at nola.se/en/care-and-maintenance</a></u></p>
