Ortho Shelter

Design Inventarrum

Som ett komplement till vårt eget sortiment marknadsför vi även produkter från Danska Inventarrum. Inventarrum arbetar liksom Nola för hög design och god tanke i det offentliga rummet. För mer information om Ortho se produktblad för nedladdning under montering.

Dimensions and weight

Length: 304 cm
Width: 148 cm
Height: 220 cm

Product numbers and combinations

Append to product number

WOOD AND FINISH

Wooden slats in Ash or Jatoba.

METAL SURFACE FINISH

C for any color other than standard, at additional cost.

Standard colours

Materials and surface treatments

Powder coating

Powder coating is a coating that is applied as a free-flowing, dry powder. Unlike conventional liquid paint, powder coating is usually applied electrostatically and then cured under heat or with ultraviolet light. The result is an even, hard-wearing coloured surface with the desired gloss level.

Steel

Nola uses high-quality steel with good strength in our products. Steel rusts if left untreated and must therefore be surface treated.

Maintenance

Powder coated Aluminium

Products that are powder-coated can be touch-up painted with alkyd paint if necessary.

Powdercoated steel

Products that are powder-coated can be touch-up painted with alkyd paint.
