Pylon Bench

Design Kristoffer Fagerström & Marcus Abrahamsson

Inspired by tall pylons supporting power lines, the base of the bench is formed by twin uprights that balance the seat between them. The seat is created by two layers of pine beams compressed into a solid length. Pylon is a perfect complement to cutting-edge interiors and contemporary outdoor spaces, or any setting where art and design take centre stage. A one-seater version is also available.

Dimensions and weight

Length: 205 cm alternativt 48 cm
 Width: 40 cm
 Height: 45 cm

Individual dimensions:

The support posts are in 8 mm bent sheet steel which are hot-dip galvanized and powder-coated white RAL 9010.

The seat is made in glued stained pine, or alternatively, oiled ipé wood 70 mm x 70 mm.

U21-91 PYLON footstool, varnished and lacquered, multi-coloured surface with white frame, indoor use

U21-91IPE PYLON footstool, oiled ipé with white frame

Append to product number

WOOD AND FINISH

IPE for ipé.

INSTALLATION TYPE

N for surface mount.

Standard colours

- RAL 9010
- NCS S 0770-Y30R (orange)
- NCS S 1050-R30B (magenta)
- NCS S 1050-B10G (blå)
- NCS S 1060-G (grön)

Materials and surface treatments

Glazed Glulam.

Ipé

Our FCS-marked Ipé is an extremely hard wood thanks to its high density. The hardness gives remarkably high physical durability and resistant to the effects of sun, rain, and other weather over decades.

Wood oil

Wood oil provides good protection against the stresses of the outdoor climate and at the same time highlights the wood's natural appearance and properties.

Assembly and placement

Freestanding

Freestanding product that is placed directly on the ground.

Surface mount

Can be bolted above ground, to the floor or to a cast-in-place foundation. Bolts not included.

Delivered fully assembled.

Maintenance

Ipé

Ipé has a durability of up to 40 years if it is not treated with more than normal care. With regular oiling once a season with wood oil, the durability is up to 100 years. Untreated Ipé will turn from reddish brown to a more silver gray color over time. If you want to keep the brown color, it must be treated and maintained with wood oil.

Versions

Available as a bench or a seat and in a choice of woods. Note that the indoor version is not suitable for outdoor use.

Uncoloured oiled ipé wood is used in the outdoor versions.

Character

Pylon is based on a traditional bench shape, which has been dramatically transformed into a striking contemporary design.
