## Scatter Bench

Design Louise Hederström

The bench's crisp outlines are reminiscent of autumn leaves scattering in the wind. The shapes create a rich pattern that forms Scatter's surface. As light passes through the bench, shadows form on the ground beneath it. Almost like camouflage, the shadows transform familiar elements of the natural world into a unique surface.

<b>Dimensions and weight</b>	<p>Length: 100 cm (scatter) och 150 cm (scatter max)  Width: 47 cm  Sitting height: 45 cm (scatter) alt 53 cm (scatter max)  Weight 11 kg</p> <p><b>Individual dimensions</b>  2,5 mm laser cut sheet steel.</p>
<b>Product numbers and combinations</b>	<p><b>U22-14</b> Scatter  <b>U22-15</b> Scatter Max  <b>B11-06</b> Startup cost for powder coating steel in a color other than standard.  Choose a RAL colour.</p> <p><b>Append to product number</b></p> <p><b>METAL SURFACE FINISH</b></p> <p>V for white ivoire blanche.  A for antracite Noir 200 Sablé.  C for stand any color other than standard, starting cost is added.</p> <p><b>INSTALLATION TYPE</b></p> <p>N for surface mount.</p>
<b>Standard colours</b>	<p> RAL 9010   Noir 2200 Sablé</p>
<b>Materials and surface treatments</b>	<p><b>Steel</b>  Nola uses high-quality steel with good strength in our products. Steel rusts if left untreated and must therefore be surface treated.</p> <p><b>Powder coating</b>  Powder coating is a coating that is applied as a free-flowing, dry powder. Unlike conventional liquid paint, powder coating is usually applied electrostatically and then cured under heat or with ultraviolet light. The result is an even, hard-wearing coloured surface with the desired gloss level.</p> <p><b>Electrogalvanized</b>  Electrogalvanizing (also known as zinc plating) provides corrosion protection through the sacrifice of zinc ions. It is created via a zinc coating on the steel using an electric current.</p>
<b>Assembly and placement</b>	<p><b>Freestanding</b>  Freestanding product that is placed directly on the ground.</p> <p><b>Surface mount</b>  Can be bolted above ground, to the floor or to a cast-in-place foundation. Bolts not included.</p> <p>Assembled.</p>
<b>Maintenance</b>	

Powdercoated steel

Products that are powder-coated can be touch-up painted with alkyd paint.

**Versions**

Grey or white.

Long or short.

**Character**

The shapes of wind-swept autumn leaves inspired this bench, which combines the structure and surface in one single form.
