Odin Park Bench

Design Jessing

As a complement to our own range, we also market products from Denmark Jessing, who, like Nola, works for high quality in the public space. Sofa Odin is a classic park sofa with armrests and with slightly curved wooden back in FSC-marked jatoba and steel stand. Suitable for all types of public environments.

Dimensions and weight

Product numbers and combinations

Append to product number

WOOD AND FINISH

J for jatoba.

INSTALLATION TYPE

M for in-ground.

N for surface mount.

Standard colours

Jatoba

Materials and surface treatments

Jatoba - FSC-certified

Our FSC-labeled Jatoba is an untreated, very hard, and strong hardwood with a long shelf life. It has a brown color with black accent stripes that changes to a deep and rich red color over time.

Wood oil

Wood oil provides good protection against the stresses of the outdoor climate and at the same time highlights the wood's natural appearance and properties.

Steel

Nola uses high-quality steel with good strength in our products. Steel rusts if left untreated and must therefore be surface treated.

Hot-dip galvanized

Hot-dip galvanizing provides very strong protection against corrosion. The steel is dipped into a bath of hot liquid zinc. The zinc attaches and creates a surface coating on the steel part, which is then taken out of the bath and drained of excess zinc.

Powder coating

Powder coating is a coating that is applied as a free-flowing, dry powder. Unlike conventional liquid paint, powder coating is usually applied electrostatically and then cured under heat or with ultraviolet light. The result is an even, hard-wearing coloured surface with the desired gloss level.

Assembly and placement

In-ground

Cast in ground.

Surface mount

Can be bolted above ground, to the floor or to a cast-in-place foundation. Bolts not included.

Maintenance

Jatoba

Jatoba basically requires no maintenance apart from regular wiping down.

Powdercoated steel

Products that are powder-coated can be touch-up painted with alkyd paint.
