#### Append to product number

##### WOOD AND FINISH

C for any color other than standard, at additional cost.

##### INSTALLATION TYPE

N for surface mount.

#### Standard colours

NCS S 2502-Y

#### Materials and surface treatments

##### Pine

Nola's pine is of high quality and comes from sustainable forestry. Pine is an environmentally friendly, domestically produced material. Damaged or untreated pine is quite easily attacked by decomposition processes; therefore, it is particularly important to repair damaged surfaces.

##### Water-based glaze

Varnishing of wood is done with a water-based varnish. A water-based paint that is kinder to the environment. Under normal use, the paint has a good wear resistance and long durability.

#### Assembly and placement

##### Freestanding

Freestanding product that is placed directly on the ground.

#### Surface mount

Can be bolted above ground, to the floor or to a cast-in-place foundation. Bolts not included.

Delivered in parts for easy assembly. The seat and back bolt to the frame with the bolts provided.

#### Maintenance

##### Water-based glazed pine

Products in varnished pine must be maintained regularly with alkyd paint. Maintenance intervals approximately 1 time per year. Damage and cracks should be repaired immediately. Touch-up paints in spray packaging are available in standard colors to order.

#### Versions

Available in grey-glazed pine.

#### Character

Vejby's solid wooden frame and sturdy slats give the furniture stability and strength, while the angled backrest and wide seat make the bench and armchair comfortable to sit in.
