Wimbledon Furniture Group

Design Broberg & Ridderstråle

'Tennis, anyone?' seems to sum up the sporty character of this furniture group, but their minimalist shapes are also in play at food courts, hotels, shopping malls and commercial centres. The furniture group includes dining chairs, barstools, club chairs and an assortment of café tables. Each design was created through the combination of simple geometric shapes, clean curves, soft angles and subtle styling. The tables are designed with a second surface beneath the tabletop where personal items can be placed.

CERTIFICATION

LB for light blue RAL 5024.

C for any color other than standard, starting cost is added.

Standard colours

Materials and surface treatments

Tärnsjö läder.

Målad MDF.

Carrara Marble white.

The frames are made in powder-coated steel. The seats and backrests are made in 3 mm thread steel. All steel is zinc-electroplated. Table top in powder coated steel, marble and MDF.

Steel

Nola uses high-quality steel with good strength in our products. Steel rusts if left untreated and must therefore be surface treated.

Electrogalvanized

Electrogalvanizing (also known as zinc plating) provides corrosion protection through the sacrifice of zinc ions. It is created via a zinc coating on the steel using an electric current.

Powder coating

Powder coating is a coating that is applied as a free-flowing, dry powder. Unlike conventional liquid paint, powder coating is usually applied electrostatically and then cured under heat or with ultraviolet light. The result is an even, hard-wearing coloured surface with the desired gloss level.

Assembly and placement

Freestanding

Freestanding product that is placed directly on the ground.

Fully assembled.

Maintenance

Powdercoated steel

Products that are powder-coated can be touch-up painted with alkyd paint.

Versions

Available as chair, armchair, footstool and bar stool.
Table available with round or square top, and as a small table. Available in standard colors black, white, red and light blue.

Character

A striking group of tables and chairs designed for dining or entertaining.

Designers

Broberg & Ridderstråle

Stockholm based Broberg & Ridderstråle Design & Architecture is founded and run by Mats Broberg and Johan Ridderstråle. The duo met at the University College of Arts, Crafts and Design (Konstfack) where they both studied furniture and interior design. Today they work within the fields of architecture and design. Their design method is based on the traditional craft, where they often gather inspiration from their daily lives only to then add a new twist to the design that lifts the product to a new level. Broberg & Ridderstråle have throughout the years designed numerous products and furniture series for Nola.
